

RC MERT Naloxone Use Reporting Procedure

Department of Operations

Fall 2015

1. Purpose

- a. To ensure all RC MERT members are aware of proper reporting procedures following the use of Naloxone (Narcan) in a call situation.
- b. To ensure compliance with county, regional, and state regulations regarding the reporting of Naloxone usage on an EMS call. See references.

2. Scope

- a. This policy applies to all RC MERT members when a call situation required the usage of Naloxone.

3. Reporting Procedure

- a. Once the call is complete, the RC MERT Crew Chief (or another crew member) should contact the DO, ADO, and EQM via text message or phone call to relay that Naloxone has been used on call and that proper reporting procedures will be followed.
- b. After documenting the call in an ePCR as per protocol, the RC MERT Crew Chief should fill out the attached [New York State Department of Health Opioid Overdose Reporting Form](#).
 - i. The Opioid Overdose Reporting Form should be attached to the ePCR prior to locking the chart.
 - ii. The Opioid Overdose Reporting Form should then be placed in the Operations Box.
