

R/C MERT E-BOARD AGENDA: March 21, 2013

Operations:

- The Men of MERT Calendar is in the process of receiving pictures and will hopefully be finished soon.
- SAFE Rides will be on the MERT radio frequency for a 30-day trial period. If anybody has ANY feedback- problems or *potential* problems, please send them to Adam and fill out Incident Reports.
- Relay for life is April 12th. Sign up for the MERT team!
- In cold temperatures, the oxygen can freeze. Please be sure that the tanks are in an oxygen sleeve, and even that they are staying with one person on shift at all times.
- MERT protocol is that 803 EMTs can sign up for standbys and day shifts only if the shift is unfilled 3 days prior to the shift.
- emsCharts permission levels have been updated for the new EBoard.

Training:

- Dan Petkovitch will be running an in-service on medications this Sunday at 5PM. It will be held in Spurrier.
- CPR Mannequins are in the process of being ordered.
- 802 applications are due this Sunday. Interviews will begin next weekend.
- The CPR instructor class will be held on March 27th at 5:30PM in room 2-7525.

Secretary:

- The secretary committee will be meeting this Monday at 9PM to make new member folders.
- NMOP will be asked for their top 3 committee choices this week in the beginning of their meeting.

Equipment:

- Joe is going to try to get permission for more pagers.

PR:

- The MERT banquet will be held on Saturday, April 20 or Monday, April 15. More information to come.
- The NMOP dinner will be held sometime within the upcoming week.
- This Wednesday the 27th is Career day in Wilson Commons. MERT will be tabling from 1-3PM. This is open to any 801s and 802s. Please wear MERT shirts and take lots of pictures to be sent to Sara.

Webmaster/Scheduler:

- Weekend day shifts start this weekend. 802s please sign up!
- In one of the upcoming GMMs, members will be asked to bring their FULL uniforms to change into so a picture can be taken for the new website.

QA/QI:

- In the future, Hannah will be planning a meeting with all 801s to fill out charts.
