

R/C MERT E-BOARD AGENDA: 5/1/13

Operations:

- DDay went very well! Adam is very impressed with the organization. Thanks to those of you who got to the tent early and made the best of a tough situation in the morning. Many thanks to security for the complementary meal.
- As of now, there will be no more EBoard meetings for the rest of the semester. This could change.
- Vehicle 800 is out of service right now until further notice.

Training:

- The CPR class was yesterday and went very well.
- The date of the MCI is in the works.

Secretary:

- Marie will be working on changing the applications throughout the summer.

Equipment:

- Joe fixed the suction unit.
- Vehicle 800 is currently out of service.
- Medications Expiration Sheet is posted in UHS on the door. It will have all the expiration dates of all the medications in the red and blue bags. Otherwise all jump bags have been grabbed.
- The AED pads are back in stock and all of the AEDs have been updated and are in service around campus.

PR:

- Sara is going to complete the alumni list this summer. It will be used to send out information to our old members.
- We will be working closely with the health promotion office in the fall on PR events – blood pressure screenings, etc.

Webmaster/Scheduler:

- EBoard will be reevaluating the day shifts next year based on the trial period from this spring.
- Rachael is still working on the website for next year with help of Catie and Bradley.

QA/QI

- Starting next semester, Hannah will be meeting with 801s in person who haven't been charting.
