

R/C MERT E-BOARD AGENDA: 11/18/14

Operations:

- No E-Board next Tuesday (11/25)
- Vehicle decals are in the process of being reworked
 - Thanksgiving remains a possibility for when the vehicle will get taken out of service to be updated with new decals. (There is still hope, maybe.)

Training:

- CPR Class – taking place at 11 am this Sunday. If you have any questions about this, e-mail Emily Fitzgerald
- Preceptor-Preceptee Meetings – running this week for 802s; please come during the time you signed up!
- NMOPers – those who have passed the NMOP exam are now officially 803s and can take shifts; congratulations! ☺
 - Older members, you may receive an e-mail from them at some point asking if they can borrow a MERT polo for a shift. We don't currently have uniforms to give them, so please be a kind soul and let them!
- In-Service – Timmy Li will be giving an in-service on airway management this Sunday, following GMM
 - Skills included: OPA, NPA, and bagging

Secretary:

- I hope these minutes were pleasing to you.

Public Relations:

- Students Helping Honduras Benefit Dinner – hopefully you e-mailed Sarah Jensen before today if you were interested!

Equipment:

- New Cabinet Lock Installed – new lock is finally installed on the cabinet and we have an extra set of keys for it
 - The new key is on the key ring; it's the shiny one
- BP Cuffs – BP cuffs have all been fixed; no more blaming the BP cuff for not being able to get a blood pressure
- PulseOx – cold patients can affect O2 stat readings; try to warm them up!
- NMOP Uniforms? – there are incredibly oversized polos in the office if anyone would like...

Webmaster/Scheduler:

- Schedule is quite full so good job, guys! Remember to fulfill your shift requirement by December 1st.

QA/QI:

- If you have any questions or confusion about the relatively new charting system please contact Tomich
