

R/C MERT E-BOARD AGENDA: 11/04/14

Operations:

- UHS' Flu Clinic – Thanks for all your help!
- Changing locks – the locks on the office door, as well as the code, will be changed soon. Hopefully we won't find random non-MERT people in our office anymore
- Vehicle decals – we're making progress; Greta will be meeting with people to talk about it this week!

Training:

- Asthma In-Service – this Sunday at 5 pm by the lovely Marie Mongeon
- NMOP – general members are welcome to come help out at the NMOP review (before their exam) in the future; stay tuned for an e-mail from the DOT about when this will be
- CPR Certs – if your cert is expiring in the coming months and you would like to get recertified soon, please e-mail Emily Fitzgerald

Secretary:

- Feel free to e-mail me if you don't know when your cert is expiring

Public Relations:

- T-Shirts – Sarah met with the graphic designer in Wilson Commons and she is willing to help us design our shirts. Hopefully we shall have casual shirts to wear to events we cosponsor/attend as MERT members soon!

Equipment:

- CPR Mask Regulators – everyone in the EMT class will be getting one, according to Sharon's wishes
- Cold Packs – we're out, but more are being ordered
- We have a shovel for the vehicle, yay!

Webmaster/Scheduler:

- 803s, you should be taking **two** shifts this month – too many 803 shifts are being left empty

QA/QI:

- Tomich and Alec talked to Antoinette Esce (president of the SA), and she agrees that it's ridiculous that there are no AEDs in residential halls or Wallace Hall – a proposal is being sent to higher ups to fund eight new AEDs for these locations
