

R/C MERT E-BOARD AGENDA: 02/10/15

Operations:

- N95 Fit Testing – Lt. Reed says that DPS did theirs through UHS, so Greta has e-mailed Ann and Jan (lovely UHS folk), who will get back to us shortly so we can get fit tested as well
- Vehicle Protocols – were horribly outdated so have been updated
- MLREMS Agency Policy Expectations – we're planning to add important MLREMS protocols into our MERT protocols (regarding sexual assault, suspected child abuse, etc.)

Training:

- In-Services this weekend
 - Greta will run an in-service this weekend at 5 pm in the UHS classroom
 - There will be an 803 in-service afterwards

Secretary:

- Thank you for reading these minutes!

Public Relations:

- Globe Med Benefit Dinner Co-Sponsorship – to fully cosponsor we would need eight people and \$50 in declining, and to sponsor/give support we need four people and \$20 in declining. E-mail Sarah Jensen if you have lots of declining and/or are interested in attending the Benefit Dinner!
- Health Fair – Monday, February 16th, from 4-6 pm in Hirst Lounge. E-mail Sarah Jensen if you're interested!

Equipment:

- Fleeces –ready to order! More details to come from Brian in an e-mail
- Scoutreach – on March 5th; more details to come from Brian in an e-mail

Webmaster/Scheduler:

- Take shifts

QA/QI:

- Tomich sent out an e-mail about charting – read it, but in summary:
 - Put “law” instead of Public Safety where it says “other agencies”
 - Add “without incident” at the end of your activity log after writing about transferring to RMMS or releasing patient into his/her own care
 - Respond to flags within 48 hours!
 - 802s, do not respond to flags unless Greta, Marie, or Tomich ask you to
- In other news, please note that it is against MERT protocol to take personal vehicles to calls. This includes day calls taken while off duty, and any other calls
