

R/C MERT E-BOARD AGENDA: April 18, 2013

Operations:

- Relay for life was so much fun! Thanks to everyone who participated.
- There were some changes made on the MERT brochure.
- DDay is Friday the 26th. We will be housing crews indoors from 8PM-Midnight, more information to come ASAP.
- The PR committee and EBoard should be at the banquet an hour early. The Banquet starts at 6PM. Please remember that the banquet is semi-formal attire.

Training:

- The CPR course is April 30th and is mandatory for anyone who is expiring in the upcoming fall or who is already expired.
- MERT is getting a key to the UHS classroom to use for training events.
- CEVO is an 8-hour course, and Rural Metro is offering the course free of charge so long as MERT provides lunch. It will most likely take place in the fall semester.
- The slides from conference are up and anyone who didn't get to go to conference is encouraged to look at these- they are very informative.

Secretary:

- Marie is still in contact with the Wilson Commons Student Association regarding putting our application onto the CCC.
- All certifications and other documentation have been updated on dropbox.

Equipment:

- Joe will collect all 3 bags for the DDay Alpha, Bravo and Charlie teams.
- Everybody please continue writing IRs about radios.

PR:

- MERT will be giving out various awards at the banquet.
 - Administrative awards for people from UHS.
 - Senior Awards
 - Paper Plate Awards
- MERT will be tabling at the upcoming Southside event. We will be screening blood pressures and answering questions about MERT. Any MERT members participating please be sure to wear your MERT shirts.

Webmaster/Scheduler:

- The new training SOPs have been put on the website.
- NMOPers are active and in committees on the website. Many have already taken some shifts!
- New 802s have also been updated on the website.
- 802s and 801s please step up and take weekend day shifts. There is still a 48-hour policy on dropping shifts, even with weekend day shifts.

QA/QI

- There are about 150 charts still left to QA.
- 801s please make an effort to QA charts during check out or during your shift. We need to QA these charts.
