

R/C MERT E-BOARD AGENDA: 10/28/14

Operations:

- POD Flu Clinic
 - THIS IS THURSDAY! Schedule is not bad, please come for a flu shot if you can't sign up for a shift.
- MERT Logo
 - Eboard is working on creating a new logo for the uniform, etc. Currently in the works.
- Staging at Unsafe Scenes
 - Dispatch should be telling crews when a scene is unsafe, but always be aware for unsafe scenes.
 - Crews can radio to Dispatch if a scene sounds unsafe asking if we need to stage before making contact.
 - Always be aware for scenes becoming unsafe mid-way through a call.
- MERT Fleeces
 - Discussed potentially purchasing job shirts in place of fleeces.
 - Looking at prices, will be gauging interest soon.
 - Kyle Kelly brought one in; it looks pretty much like this...

-
- EASV
 - Emergency Ambulance Service Vehicle
 - Possibly registering vehicle 800 as an EASV, could get red/white lights and siren.
 - Will need to get CEVO/EVOC training for crew chiefs to drive.
 - More to come on this soon!
- Decals
 - Sent to Rory, going through university currently.

Training:

- In-Service/Skills Session
 - Psych/Behavioral in-service this Sunday
 - Skill Session on Hare Traction Splinting
- NMOP
 - Starting to run practice calls with NMOPers this weekend, general members are welcome to come and participate.
- CPR Class, help!
 - Sharon needs help teaching CPR this weekend, instructors should contact DOT if available.

- Meeting with Dr. Reuckmann Today!
 - Official Ebola Protocol: BACK AWAY! Be sure to alert Metro so they can send a special rig.
 - Discusses QA and other items.

Secretary:

- None

Public Relations:

- Lots of Events happening! Look out for an email from Sarah J.

Equipment:

- Hockey Standby: Consider bringing extra ice-packs and ACE Bandages
 - Will be stocking more ACE Bandages/Ice Packs in standby bag
- Radio Batteries
 - 2 more died (RIP Radio Batteries)
- BP Cuffs
 - 4 BP cuffs died this week. So much equipment death.
 - Looking into repairing old cuffs.

Webmaster/Scheduler:

- Take shifts! Nice job filling the November schedule.

QA/QI:

- AED Map
 - Working on 2 awareness models:
 - Putting locations on University maps hopefully.
 - Looking into signs to place on doors indicating AED location.
 - Looking into Res Quad AED placement, working with SA
- More on meeting with Dr. Reuckmann!
 - QA Committee is set. Protocols on the way.
- Chili Ambulance
 - Contact Kyle Kelly if you are interested in visiting Chili.
