

## **R/C MERT E-BOARD AGENDA: 01/20/15**

---

### **Operations:**

- NCEMSF Conference – all 10 of the already-paid-for spots are full! The two remaining ones that require a registration fee of \$110 are still available. Please e-mail Greta if you are interested!
- Elections – elections for the 2015-2016 Executive Board will be held during GMM on **February 22<sup>nd</sup>**. General members may run for any position they are qualified for, excluding DO, ADO, and DOT. You will need to submit a written platform for position(s) you are running for, and give a speech on election day
- Uniforms – good news and bad news. Good news is we can get new uniforms! The bad news is that we won't get them until July 2015
- Vehicle 800 – finally got repaired over break! It's not all dented anymore.
  - Vehicle decals – we have yet to hear that they've been approved... Spring break is the new goal.
  - There's a new battery in the vehicle, which is nice

### **Training:**

- In-services – FTOs, please sign up to give them earlier rather than later. The Training Department thinks it's nice that people want to give in-services in April... but also thinks this isn't entirely useful
- Volunteering for Brighton – please e-mail E. Fitzgerald if you are interested in volunteering as a victim for Brighton's MCI drill (refer to her e-mail)!

### **Secretary:**

- CPR/EMT Cards – new 803s, please e-mail me a copy of your CPR card and/or EMT card if you have not done so already!

### **Public Relations:**

- Distillery Dinner – there will be a fun Distillery Dinner for all MERT members sometime this month or next month

### **Equipment:**

- Epi-Pen Jr. – we are getting new ones because two of them are expiring soon
- MERT Fleeces – they will be \$57 if we order 2-11. Adding your name to your fleece will cost additional money, as well as adding your title (e.g. Crew Chief)
- AED Case – one “kicked the bucket” recently, so we'll be getting a new one. Please stick the AED strap into the case for now so it doesn't snap while being carried!
- How to Contact B. Miers – by phone or by e-mail

### **Webmaster/Scheduler:**

- Attention 803s: T. Spencer is serious when he says not to take shifts in his e-mails. If you already took a shift in the previous month, and he requests that you not take another until prompted to do so, please abide by this. **He will start writing IRs for 803s that fail to comply.** (We appreciate your dedication and eagerness but please follow the rules ☺)

### **QA/QI:**

- Monroe County Disaster Plans are now in a folder on the toughbook's desktop!
